# Absolute encoders

Female connectors / cable with female connector
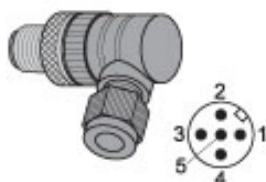

- for encoder WDGA CANopen

KIS-5-67

Self-assembly connector KIS-5-67:
M12 x 1, suitable for encoder WDGA CANopen
with connector CB5/CC5,
5-pin, IP67

Straight connector.

KISA-5-67

Self-assembly connector KISA-5-67:
M12 x 1, suitable for encoder WDGA CANopen
**with connector CB5/CC5,**
5-pin, IP67

Angular connector.

KID-5-67

Self-assembly female connector KID-5-67:
M12 x 1, suitable for encoder WDGA CANopen
with connector CB5/CC5,
5-pin, IP67

Straight female connector.

KIDA-5-67

Self-assembly female connector KIDA-5-67:
**M12 x 1, suitable for encoder WDGA CANopen**
with connector CB5/CC5,
5-pin, IP67

Angular female connector.

CVKA-5-67

Stub / Bus cable, M12 x 1,
suitable for encoder WDGA CANopen
**with connector CB5/CC5**

Connector angular – cable-female connector angular.

CTA-21-67-01

**2-port junction systems, T-junction, M12 x 1,
suitable for encoder WDGA CANopen
with connector CB5/CC5**

2 female connectors, 1 connector.

CVK-5-67

**Stub / Bus cable, M12 x 1,
suitable for encoder WDGA CANopen
with connector CB5/CC5**

Connector straight – cable-female connector straight.

CYA-21-67-01

**2-port junction systems, Y-junction, M12 x 1,
suitable for encoder WDGA CANopen
with connector CB5/CC5**

2 female connectors, 1 connector.

CEW-120-67-S

**Termination resistor 120 Ohm, M12 x 1,
suitable for encoder WDGA CANopen
with connector CB5/CC5**
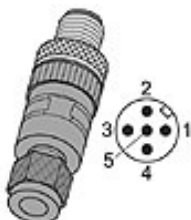

Connector.

CEW-120-67-B

**Termination resistor 120 Ohm, M12 x 1
suitable for encoder WDGA CANopen
with connector CB5/CC5**

Female connector.

Absolute encoders

Female connectors / cable with female connector

- for encoder WDGA CANopen LIFT

KIS-5-67

Self-assembly connector KIS-5-67:
M12 x 1, suitable for encoder WDGA CANopen LIFT
with connector CB5/CC5,
5-pin, IP67

Straight connector.

KISA-5-67

Self-assembly connector KISA-5-67:
**M12 x 1, suitable for encoder WDGA CANopen LIFT**
with connector CB5/CC5,
5-pin, IP67

Angular connector.

KID-5-67

Self-assembly female connector KID-5-67:
M12 x 1, suitable for encoder WDGA CANopen LIFT
with connector CB5/CC5,
5-pin, IP67

Straight female connector.

KIDA-5-67

Self-assembly female connector KIDA-5-67:
**M12 x 1, suitable for encoder WDGA CANopen LIFT**
with connector CB5/CC5,
5-pin, IP67

Angular female connector.

CVKA-5-67

Stub / Bus cable, M12 x 1,
suitable for encoder WDGA CANopen LIFT
**with connector CB5/CC5**

Connector angular – cable-female connector angular.

CTA-21-67-01

**2-port junction systems, T-junction, M12 x 1,
suitable for encoder WDGA CANopen LIFT
with connector CB5/CC5**

2 female connectors, 1 connector.

CVK-5-67

**Stub / Bus cable, M12 x 1,
suitable for encoder WDGA CANopen LIFT
with connector CB5/CC5**

Connector straight – cable-female connector straight.

CYA-21-67-01

**2-port junction systems, Y-junction, M12 x 1,
suitable for encoder WDGA CANopen LIFT
with connector CB5/CC5**

2 female connectors, 1 connector.

CEW-120-67-S

**Termination resistor 120 Ohm, M12 x 1,
suitable for encoder WDGA CANopen
with connector CB5/CC5**

Connector.

CEW-120-67-B

**Termination resistor 120 Ohm, M12 x 1
suitable for encoder WDGA CANopen LIFT
with connector CB5/CC5.**

Female connector.

WACHENDORFF
The Encoder Experts

Absolute encoders

Female connectors / cable with female connector

- for encoder WDGA SSI

KI-8-67-SSI

Female connector KI-8-67-SSI:
Suitable for encoder absolute WDGA SSI
**with connector outlet CB8 and CC8, 8 pin, IP67**

Ready-made shielded connection cable
with female cable connector straight, shield connected.

KIA-8-67-SSI

Female connector KIA-8-67-SSI:
Suitable for encoder absolute WDGA SSI
**with sensor connector outlet CB8 and CC8, 8 pin, IP67**

Ready-made shielded connection cable
with female cable connector angular, shield connected.

KD-8-67-SSI

Female connector KD-8-67-SSI:
Suitable for encoder absolute WDGA SSI
**with connector outlet CH8, 8 pin, IP67**

Straight female connector or straight female connector
with ready made cable.

KDA-8-67-SSI

Female connector KDA-8-67-SSI:
**Suitable for encoder with connector outlet CH8, 8 pin, IP67**

Angular female connector or angular connector with ready made cable.
Insert any mountable.

KD-12-67-SSI

Female connector KD-12-67-SSI:
Suitable for encoder absolute WDGA SSI
with connector outlet C5, 12 pin, IP67

Straight female connector or straight connector with ready made cable.
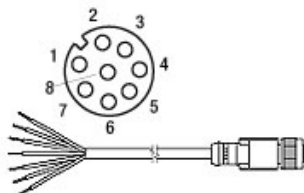

KDA-12-67-SSI

Female connector KDA-12-67:
Suitable for encoder absloute WDGA SSI
with connector outlet C5, 12 pin, IP67

Angular female connector or angular connector with ready made cable.
Insert any mountable.

WACHENDORFF
The Encoder Experts

Absolute encoders

Female connectors / cable with female connector

- for encoder WDGA RS485

KI-8-67-EIA

Female connector KI-8-67-EIA:
Suitable for encoder absolute WDGA RS485
with connector outlet CB8 and CC8, 8 pin, IP67

Ready-made shielded connection cable
with female cable connector straight, shield connected.

KIA-8-67-EIA

Female connector KIA-8-67-EIA:
Suitable for encoder absolute WDGA RS485
with sensor connector outlet CB8 and CC8, 8 pin, IP67

Ready-made shielded connection cable
with female cable connector angular, shield connected.

KD-12-67-EIA

Female connector KD-12-67-EIA:
Suitable for encoder absolute WDGA RS485
with connector outlet C5, 12 pin, IP67

Straight female connector or straight connector with ready made cable.

KDA-12-67-EIA

Female connector KDA-12-67-EIA:
Suitable for encoder absloute WDGA RS485
with connector outlet C5, 12 pin, IP67

Angular female connector or angular connector with ready made cable.
Insert any mountable.

Absolute encoders
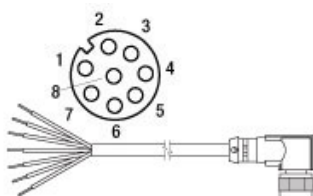

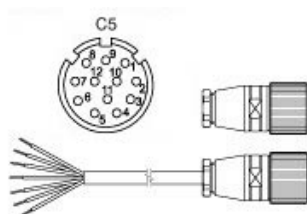

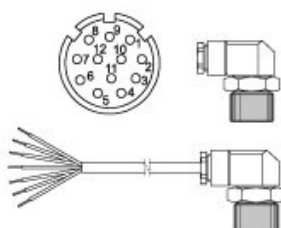

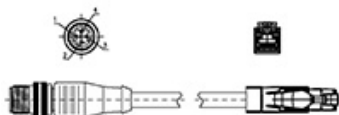

Female connectors / cable with female connector

- for encoder WDGA Industrial Ethernet

KIE-4-67-RJ

**Ready-made Industrial Ethernet connection cable KIE-4-67-RJ:
suitable for encoders WDGA with bus cover BI2
(PROFINET, EthertNet/IP, EtherCAT, Universal IE)**

Plug M12 - cable - plug RJ45.

KIE-4-67-DC

**Ready-made Industrial Ethernet connection cable KIE-4-67-DC:
suitable for encoders WDGA with bus cover BI2
(PROFINET, EthertNet/IP, EtherCAT, universal IE)**

Plug M12 - cable - plug M12.

KIZ-4-67-IE

**Female connector KIZ-4-67:
For power supply, 4 pin**

Ready-made shielded connection cable with female cable connector straight, shield connected, IP67+IP69K.

Absolute encoders

Female connectors / cable with female connector

- for Indicators and analysis equipment

BGZ0000KIT-ZVK

Starter kit CANopen

For absolute encoder WDGA.

CANUSBANALYZER

PEAK CAN-USB-Analyzer

For absolute encoder WDGA.
